FREQUENTLY ASKED QUESTIONS

Q. Is KidScents Toothpaste appropriate for those with sensitive teeth?

A. Yes, it may even benefit those with sensitive teeth due to the gentle ingredients.

Q. Can I use KidScents Toothpaste on my pets?

A: KidScents Toothpaste contains xylitol to effectively reduce the risk of tooth decay. While xylitol is non-toxic to humans, it can cause adverse reactions in our furry family members and should not be used to clean their teeth.

Q. Is it okay if the toothpaste is swallowed?

A. It is not recommended that the toothpaste be swallowed, and you should take precautions to avoid it. However, it should be fine if a small amount is accidentally swallowed while using the product as directed on the label.

Q. Does your xylitol stand up to a non-toxic rating?

A. Yes! As a vital part of our Seed to Seal® quality commitment, we create our pure, effective formulas with the cleanest and most innovative ingredients available. We take great care to source ingredients that are safe to the consumer and have a good safety rating. The xylitol we source is plant based and non-GMO.
